This course will cover the fundamentals of Frappe Learning, including how to create and manage courses, enroll students, and track progress. You will learn about the following key features of the app:

Key Features

1. Structured Learning: Design a course with a 3-level hierarchy, where your courses have chapters, and you can group your lessons within these chapters. This ensures that the content is organized in a logical and easy-to-understand manner.

5. Batch & Enrollment

- **Batch:** kelas terjadwal (tanggal mulai–selesai, jam, instruktur) — cocok untuk pelatihan teknisi baru.
- **Enrollment:** pendaftaran peserta ke course/batch. Peserta harus berupa **User** sistem.

“ ⚠ Menambah peserta baru butuh **akun User**. Minta admin membuat akun untuk tiap peserta sebelum enrollment massal.

6. Tips

- Gunakan kursus untuk onboarding teknisi & CS baru.
- Materi bisa dikombinasikan teks + video + kuis agar interaktif.
